Where Family Traditions Begin

More Fun Things To Do

Along with the many things to do at the resort, the St. Germain area now offers a beautiful paved Hike and Bike Trail offering miles of scenic nature and comfortable rest stops. If golf is your game, Black Bear Lodge is proud to be one of the stops on the Wisconsin Northwoods Golf Tour and is now offering some fantastic packages. For something completely different, grab the kids and try **Geocaching**, a fun and exciting adventure looking for treasures in the northwoods. GPS kits are available at the front desk for our guests.

Fishing "Little Saint"

ANGLERS OF ALL AGES keep coming back to Black Bear Lodge when signs of spring and summer bring on the fishing "bug." After all, how many bluegills can a young angler catch? How many times can follows of a muskie take your breath away? How many times can one listen to the calls of the loons and the sight of soaring eagles? How many times can one be transfixed by the glories of a million stars? More than likely not enough. There appears to be no escape from the magic of a northern Wisconsin fishing trip, and Black Bear Lodge continues to keep that tradition alive.

Our lake provides excellent action for bluegills, crappie, and perch. For those in search of walleye, northern pike or muskie, Little Saint offers a significant population of each with excellent chances at a trophy fish. With abundant habitat and varying structure, Little Saint ranks as one of the top lakes in Vilas County.

Whether it's you and your friends, grandpa and grandson, or the entire family, now's the time to start planning your next fishing trip. With a variety of lodging options and all the northwoods amenities, Black Bear Lodge is sure to make your next fishing trip memorable. Come wet a line with us!

Little St. Germain Lake Profile

Size: 956 Acres • **Max. Depth:** 56 feet
Vegetation: Abundant submergent weeds
Primary Species: Muskie, Walleye, Bluegill
Secondary Species: Northern Pike, Bass, Crappie, Perch
